

## **Risk Management**

**Tuesday, September 24, 2013**

### **We can't remove risk from your supply chain, but we can help you manage it.**

Supply chain risk is a growing concern for many manufacturers. Fortunately, Mohawk Global Trade Advisors is here to protect you and your organization. Our advisors work with you to identify, manage, and mitigate your cargo risk .

#### **Cargo Risk Management**

Mohawk Global Trade Advisors can help you determine the best options for cargo risk management. Our specialties include:

##### **Open Cargo Policy**

Have one of our experienced consultants review your current insurance policy and recommend the broadest coverage possible for your business.

##### **Contingent Insurance**

A thorough review of the adequacy of your Incoterms insurance coverage (CIP, CIF), including your best options for buying additional coverage from a broker.
